

Choices®

Looking for a more sustainable approach? Our Choices Less is More Program makes it easy to create beautiful, responsible spaces with a pre-selected array of products and materials that create less waste in manufacturing, without sacrificing style or function.

Choices makes it simple to create unique, inspiring and functional spaces. And all components meet or exceed ANSI/BIFMA durability standards so you'll be enjoying your furniture for many years to come — after all, the most sustainable manufactured product is one that lasts a long time!
