
The Flexible Office

Trendway Solutions to
Emerging Trends

Things are Changing

2020 marked a year like no other as we faced both a global pandemic and major recession. These forces had a significant impact on the way we do business and how we will do business moving forward.

Trends that have been slowly evolving are now a sudden reality. Some of these new trends that have only accelerated include:

- Shift to hybrid workplaces
- Remote work is now more fully accepted
- Companies re-evaluated need for large real estate investments
- Rise of the “Hub and Spoke” office model

Real Solutions Delivered Quickly

These accelerating trends call for solutions that Trendway is uniquely suited to provide. Long commutes into the city will be replaced by shorter jaunts to a “spoke” type office. Quick turn projects with simple product layouts that can be executed within 2-4 weeks will be in high demand.

Trendway has a strong track record on delivering these types of solutions.

Space Planning Made Easy

We'll take a tour through two spaces that differ in size, but include variety in layouts and work spaces. You'll see smart approaches for spaces that are functional, comfortable and provide exactly what workers need.

2,500 square foot space

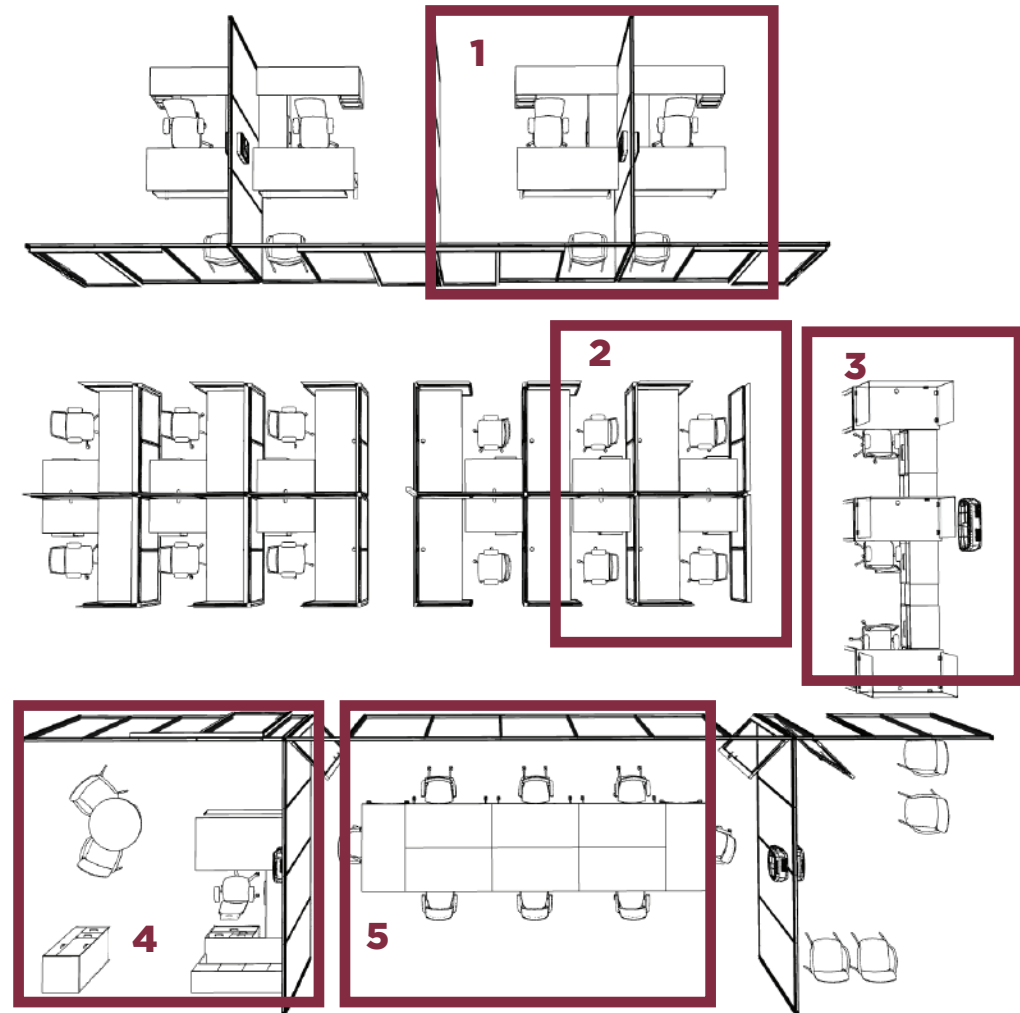

5,000 square foot space

2,500 Square Foot Space

With over 225 idea inspirations, Trendway has the design tools to help you build a test fit that can be designed, specified, ordered and delivered in 2-4 weeks.

1 Volo Wall is used to define and divide the space.

2 Capture creates individual workstations complete with Height Adjustable tables.

3 Trig touchdown areas with Acrylic Screens and AeraMax Pro air purifiers for safety maximize spaces.

4 Volo Wall is used to create private offices with floor-to-ceiling glass panels.

5 Large meeting areas provide areas for collaboration and team work.

Products
