Building Spaces for Work

## Welcome to Trendway

---

For over 50 years, we've been in the business of creating comfortable, affordable, and safe workspaces that are delivered on time, every time. We build products that create better places for people to work and we deliver them with remarkable quality, speed, and ease.

From movable walls to workstations, and everything in between, Trendway delivers with industry-leading production times.

## Practical Solutions, Dependable Service

---

Whether it's the perfect desk, chair, or collaborative workspace, we deliver with practical solutions and dependable service. A well-designed workspace meets diverse needs. We can help you accommodate a range of work styles with flexible solutions that adapt to change over time.

---

We help design spaces that inspire you to perform at your best, in settings that suit your needs, preferences, and budget.

---

Dynamic spaces balance solo work areas, encouraging people to meet, learn, create, and refresh.

## Real Solution Delivered Quickly

---

We make it easy to design, order, and outfit your entire office from front to back, so you can get back to business faster than ever. Trendway offers hundreds of idea starters to help you get the design process started efficiently. Our design team will work with you to quickly create floor plate options that provide the diversity of space required in today's office settings.

## The Right Look, Right on Time

---

When it comes to your office, the right style is important. If you are pressed for time, our refreshed standard materials offering brings affordable and easy to specify options that ship in 2-4 weeks. Get inspired and save time with our beautifully selected palettes from the program.

## Easy Reconfiguration Supports Evolving Needs

---

Workspaces are evolving and change is a constant. Our product solutions adapt to change with flexibility and ease. Whether you need to move people, add staff, or reconfigure your entire space, Trendway products make it easier than ever to roll with the change.

Fast installation and easy reconfiguration minimize downtime, maximize return on investment, and provide a sustainable solution.

## Protecting What Matters

---

As we begin to head back into the office, we know the safety of everyone entering your facilities and offices will be crucial to protect.

Our air quality experts can help craft a comprehensive plan for your space. Fellowes air purifiers are proven to remove airborne contaminants with a four-stage HEPA filtration system.

Fast installations and reconfigures will minimize downtime and maximize return on investment.

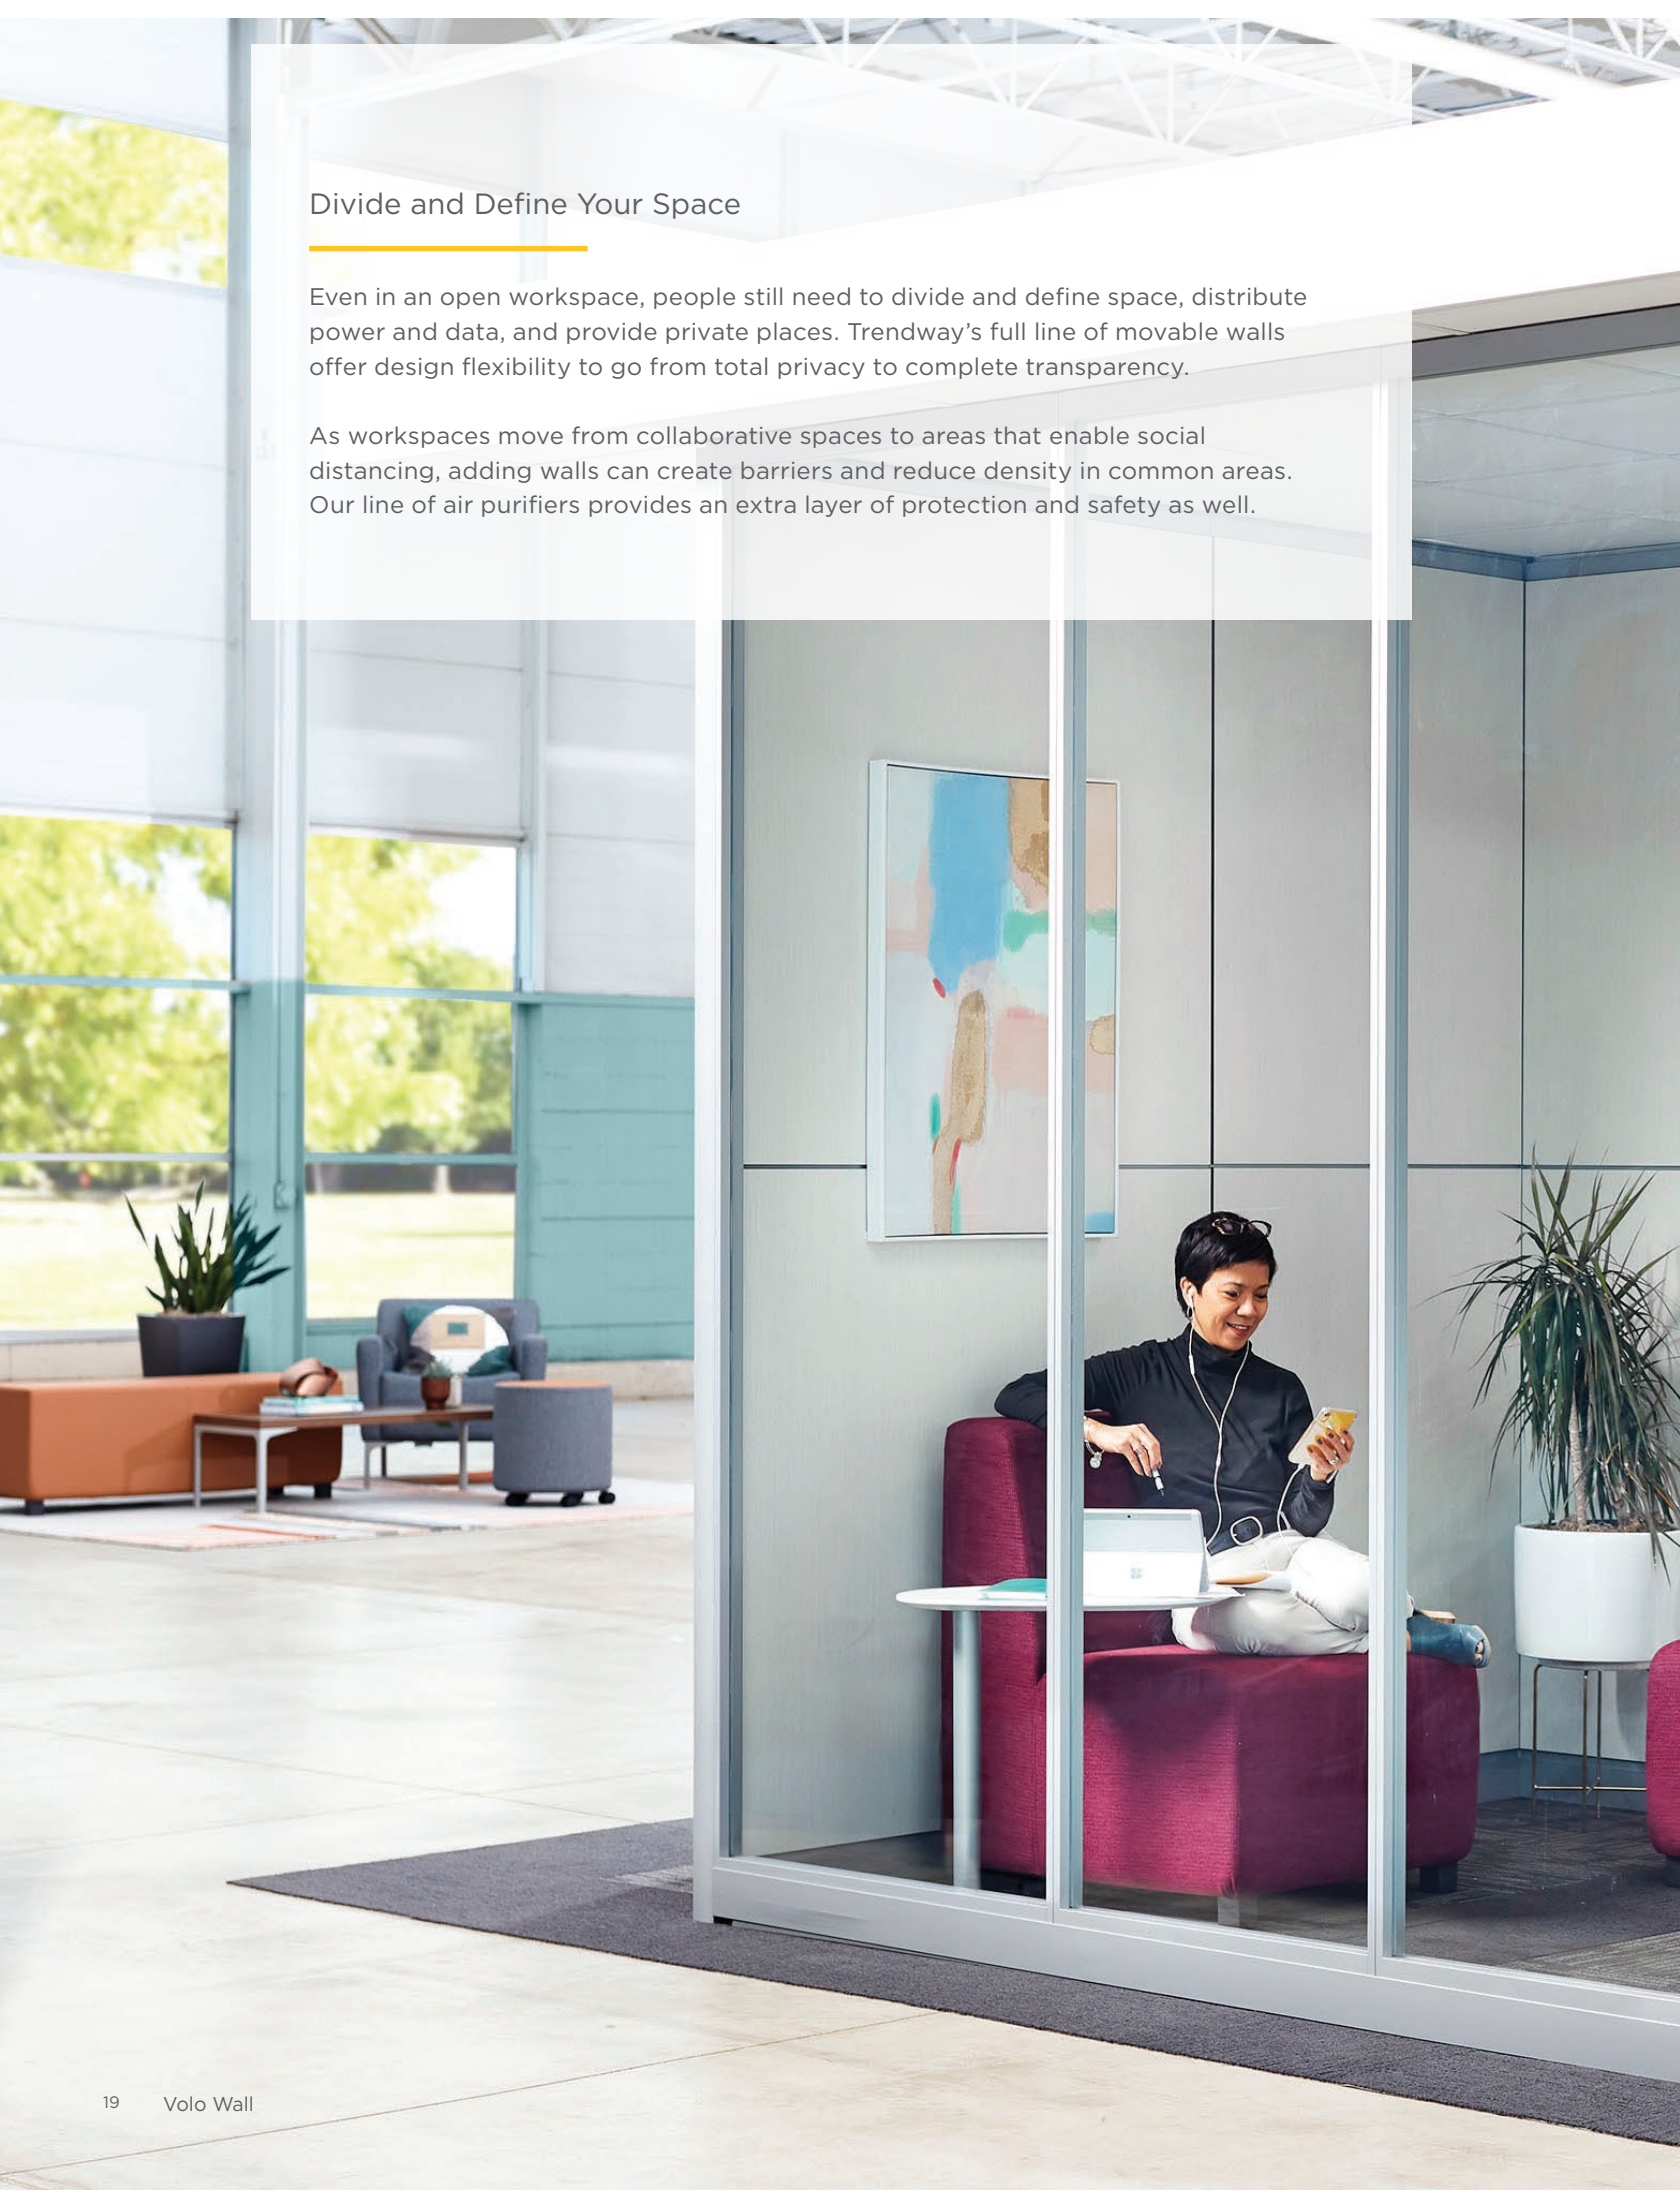

## Divide and Define Your Space

---

Even in an open workspace, people still need to divide and define space, distribute power and data, and provide private places. Trendway's full line of movable walls offer design flexibility to go from total privacy to complete transparency.

As workspaces move from collaborative spaces to areas that enable social distancing, adding walls can create barriers and reduce density in common areas. Our line of air purifiers provides an extra layer of protection and safety as well.

## Proven Performance

Tried and true – Trendway has been delivering great products, rapid response, and exceptional experiences for over 50 years.

## Dedicated and Caring

Our workforce is passionate about performance. We're equally committed to serving our community and responding to people in need.
